OBJECTIVES

I'm a passionate Front end developer, proficient in front-end. And I am currently entered my learning on back-end technologies to enhance my skills further. With expertise in HTML, CSS, JavaScript(basics) I craft seamless digital experiences. Committed to continuous learning, I stay updated with the latest trends to deliver high-quality projects that meets user expectations.

PROJECTS

OPTIMIZED FORM FILLING SYSTEM FOR FERTILIZER INSPECTOR

- I developed a user-friendly form filling system to speed up inspections and cut down on manual work. It features automatic data entry, real-time form checks, and helps inspectors work more accurately and efficiently while saving time.
- The tech stack includes HTML, CSS, and JavaScript for the front end, Node.js for the back end, and MongoDB for the database. In this project I have contributed to the front end.

E-COMMERCE WEBSITE

- Developed a comprehensive E Commerce Website with a user friendly interface and real time inventory updates, ensuring a smooth shopping experience. Enhanced Customer satisfaction with features like product review, wishlists and easy order tracking.
- Tech Stack includes HTML, CSS and JavaScript.

FYLO LANDING PAGE

- Replicated the Fylo Landing Page for a front-end development competition in our department function, incorporating light and dark theme features. Utilized HTML, CSS, and basic JavaScript to create a responsive and visually appealing web page. Demonstrated proficiency in front-end technologies and attention to design details .

INTERNSHIP EXPERIENCE

BSNL | Networking

Duration: 1 Month

- Learned about network topologies and essential devices like routers, bridges, and switches. Gained hands-on experience with practical demonstrations, including optical fiber cable (OFC) splicing. This hands-on experience deepened my understanding of networking fundamentals and their real-world applications.

Coding Raja Technologies | Web development

Duration: 1 Month

- Developed a user-centric interface with data entry sections and a profile photo upload feature using HTML, CSS, and JavaScript. Enhanced user experience and engagement. This project improved my ability to create interactive and responsive web applications.

SKILLS

Languages: C, C++, Java, Python(Basics), MySQL, JavaScript(Basics), HTML/CSS.

Framework: React JS(Basics).

Soft Skills: Time Management, Adaptability and Flexibility, Decision Making.

Familiar with: VS code, Figma, Canva, MS Office.

Naan Mudhalvan: MS Office, Networking, Cloud Computing.

EDUCATION

2021-Present

Government College of Engineering, Salem

Bachelor of Engineering(Computer Science and Engineering)

CGPA-8.45(till 5th Semester).

CERTIFICATION

- Java Basic Skill Assessment Test – Hackerrank.
- UI/UX- Udemy.
